

Hello and thank you for participating in this survey.

I am doing a survey to investigate the relationship between a student's technology acceptance and their chosen field of study for my Bachelor's thesis. This survey specifically asks about your acceptance and usage of Moodle. When answering these questions, please think of **during the semester** as opposed to the current semester break, where you might not be doing many uni-related things.

The survey takes about 5-10 minutes to complete and your data is confidential.

Thank you for your participation!
